ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On October 22, 2008, Northrop Grumman Corporation (the Company) issued a press release announcing its financial results for the quarter ended September 30, 2008, under the heading Northrop Grumman Reports Third Quarter 2008 Results. The press release is furnished as Exhibit 99.

ITEM 7.01. REGULATION FD DISCLOSURE.

Recent declines in the financial markets have impacted the market values of assets in the Company's defined benefit pension plans, and these conditions could lead to significant future increases in pension costs measured in accordance with both accounting principles generally accepted in the United States of America (U.S. GAAP) and U.S. Cost Accounting Standards (CAS). In connection with its scheduled conference call with analysts to discuss third-quarter earnings, the Company plans to discuss the potential effects of these market conditions on its future net pension adjustment amounts. The net pension adjustment represents the difference between pension expense determined in accordance with U.S. GAAP and pension expense allocated to the operating sectors and determined in accordance with CAS.
