**PROPOSAL 1
ELECTION OF DIRECTORS**

General

Pursuant to our Bylaws, our Board of Directors may have up to 15 members. Currently, we have 11 members on our Board of Directors and each director is elected for a one-year term. Our Independent Directors Committee has recommended and nominated the ten individuals listed below for election to our Board of Directors at the Annual Meeting to hold office until the next annual meeting and the election of their successors. Mr. Fedrick, the other current director, has decided not to stand for re-election. Consequently, there will be a vacancy on our Board of Directors. The Board does not have a current candidate to fill the vacancy, but intends to fill the vacancy during the course of 2005, if and when a suitable candidate is identified. All of the nominees for director are currently serving as members of our Board of Directors.

Each of the nominees has consented to be named in this proxy statement and to serve as a member of our Board of Directors, if elected. In the event that any nominee withdraws or for any reason is not able to serve as a director, the proxy will be voted for such other person as may be designated by our Board of Directors, but in no event will the proxy be voted for more than ten nominees for director. Our management has no reason to believe that any nominee will not serve if elected.

Recommendation of our Board of Directors

We recommend that you vote your shares to elect the following nominees. If you complete, sign, date, and return the enclosed proxy, your shares will be voted for the election of the ten nominees recommended by our Board of Directors, unless you mark the proxy in such a manner as to withhold authority to vote. Please see the Voting Instructions on page 1 of this proxy statement for instructions on how to cast your vote.

You may vote in favor of all the nominees or you may withhold your vote from any or all nominees. Votes that are withheld with respect to this matter will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. Brokers that do not receive instructions are entitled to vote those shares with respect to the election of directors.

BOARD INDEPENDENCE, MEETINGS, COMMITTEES, AND COMPENSATION

Independence

TOSA currently owns 73.36% of our outstanding common stock. As a result, we are a controlled company within the meaning of the corporate governance standards of the New York Stock Exchange (the NYSE). We have elected to take advantage of the controlled company exemption as permitted under Section 303A.00 of the NYSE Listed Company Manual. As a controlled company, we are not currently required to have independent directors comprise a majority of our Board of Directors, nor are we required to have a nominating/corporate governance committee and compensation committee comprised entirely of independent directors. The Board of Directors has determined, however, that Messrs. Horner, Hasler, Poulos, and Whitworth, and Ms. Parks each meet the standards of independence set forth in the corporate governance standards of the NYSE. In making this determination, the Board of Directors specifically determined that charitable contributions of up to \$40,000 made by the Company to organizations in which a family member of a director is an executive officer does not constitute a material relationship which affects the independence of a director.

Board Meetings and Committees

During fiscal year 2004, our Board of Directors held four regularly scheduled meetings and no special meetings, and acted by unanimous written consent on 18 occasions. For fiscal year 2004, each director attended at least 75% or more of the aggregate number of meetings held by our Board of Directors and the committees on which he or she served. As a general matter, Board members are expected to attend

Table of Contents

the Company's annual meetings of stockholders. All members of our Board were present at the Company's 2004 annual meeting of stockholders.

Our Board of Directors currently has four standing committees, all of which were also in place during fiscal year 2004: the Audit Committee, the Human Resources, Compensation, and Benefits Committee, the Independent Directors Committee, and the Board Executive Committee, each briefly described below.

Audit Committee. Prior to April 2005, the Audit Committee consisted of Messrs. Hasler, Horner, Poulos, and Whitworth, and Ms. Parks. Beginning in April 2005, the Audit Committee consists of Messrs. Hasler, Poulos, and Whitworth. Our Board of Directors has determined that each of Messrs. Hasler and Poulos is also an audit committee financial expert as defined by the rules promulgated by the Securities and Exchange Commission (the Commission), and that, in the business judgment of the Board of Directors, Mr. Whitworth is financially literate.

The Audit Committee generally has responsibility for appointing, overseeing, and determining the compensation of our independent certified public accountants, reviewing the plan and scope of the accountants' audit, reviewing our audit and internal control functions, approving all permitted non-audit services provided by our independent certified public accountants, and reporting to our full Board of Directors regarding all of the foregoing. The Audit Committee meets with the independent certified public accountants and our management in connection with its review and approval of (i) the unaudited financial statements for inclusion in our Quarterly Reports on Form 10-Q and (ii) the annual audited financial statements for inclusion in our Annual Report on Form 10-K. Additionally, the Audit Committee provides our Board of Directors with such additional information and materials as it may deem necessary to make our Board of Directors aware of significant financial matters that require its attention. The Audit Committee's goals and responsibilities are set forth in a written Audit Committee charter, a copy of which is attached as Appendix A. The Audit Committee held five meetings during the year ended December 31, 2004. The Audit Committee Report is set forth below.

Human Resources, Compensation, and Benefits Committee. Prior to April 2005, the Human Resources, Compensation, and Benefits Committee consisted of Messrs. Poulos, Horner, Hasler, and Whitworth, and Ms. Parks. Beginning in April 2005, the Human Resources, Compensation, and Benefits Committee consists of Messrs. Poulos and Horner, and Ms. Parks. The Human Resources, Compensation, and Benefits Committee has responsibility for (a) establishing the compensation and bonus plan for the Chief Executive Officer, (b) establishing the compensation and bonus plan for other executives, and (c) administering the Annual and Long-Term Incentive Plan and granting options and performance awards under that Plan. In addition, the Human Resources, Compensation, and Benefits Committee has responsibility for matters of employee compensation and the granting of discretionary bonuses to our Chief Executive Officer and our other senior officers. The Human Resources, Compensation, and Benefits Committee held two meetings and acted by unanimous written consent on six occasions during the year ended December 31, 2004. The Human Resources, Compensation, and Benefits Committee operates under a written charter adopted by our Board of Directors, a copy of which can be found on the Company's website, www.tousa.com, under Investor Information Corporate Governance.

Independent Directors Committee. The Independent Directors Committee consists of Messrs. Horner, Hasler, Poulos, and Whitworth, and Ms. Parks. Mr. Horner served as our senior outside director during fiscal year 2004 and has been designated our senior outside director for fiscal year 2005. As our senior outside director, Mr. Horner presides over the regularly scheduled sessions of our independent directors.

The Independent Directors Committee generally has responsibility for considering and acting on any proposed transaction that would be considered a related party transaction, including any proposed transaction (a) between us and TOSA or any affiliate of TOSA, and (b) by any affiliate which may affect or involve us and in which one or more of our directors may have an actual or perceived interest in the transaction. The Independent Directors Committee also has responsibility for considering and acting upon any other matters that require the review and/or approval of our independent directors.

Table of Contents

The Independent Directors Committee acted by unanimous written consent on one occasion and held two meetings during the year ended December 31, 2004. The Independent Directors Committee operates under a written charter adopted by our Board of Directors, a copy of which can be found on the Company's website, www.tousa.com, under Investor Information - Corporate Governance.

In addition, the Independent Directors Committee solicits, considers, and nominates candidates to serve on our Board of Directors. The Independent Directors Committee considers possible candidates from many sources, including stockholders, for nominees for directors. In evaluating the qualifications of nominees for our Board of Directors, including nominees recommended by stockholders, the Independent Directors Committee evaluates a variety of factors, such as education, work experience, knowledge of the Company's industry, membership on the boards of directors of other corporations, and civic involvement. In addition, if a candidate is being considered for an independent director position, the Independent Directors Committee also evaluates the nominee's independence from the Company based on applicable securities laws and the NYSE's corporate governance standards.

If a stockholder wishes to recommend a nominee for director for consideration at our 2006 Annual Meeting, the recommendation should be sent to the Secretary by December 19, 2005 in accordance with the instructions set forth later in this proxy statement under Stockholder Proposals for 2006 Annual Meeting. All recommendations should be accompanied by a complete statement of such person's qualifications (including education, work experience, knowledge of the Company's industry, membership on the board of directors of another corporation, and civic activity) and an indication of the person's willingness to serve.

Board Executive Committee. The members of the Board Executive Committee are Messrs. Horner, Mon, George Stengos, and Andreas Stengos, and Mr. Tommy McAden serves as the non-director management representative to the Board Executive Committee. The Board Executive Committee has authority to consider and approve acquisitions, investments and other transactions by us or our subsidiaries for amounts not exceeding \$35 million, to the extent not considered and approved by our Board of Directors, and makes reports to our full Board of Directors. The Board Executive Committee held no meetings during the year ended December 31, 2004.

Family Relationships

Konstantinos Stengos is the father of Andreas Stengos, George Stengos, and Marianna Stengou. We have no other familial relationships among the executive officers and directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers, and persons who own more than 10% of our outstanding common stock to file with the Commission reports of changes in their ownership of common stock. Directors, officers, and greater than 10% stockholders are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, during the year ended December 31, 2004, all Section 16(a) filing requirements applicable to our directors, officers, and greater than 10% stockholders were satisfied except that Mr. Mon filed four late Form 4 filings reflecting four gifts and transfers of stock options made for estate planning purposes that were not reported on a timely basis.

Compensation Committee Interlocks and Insider Participation

Messrs. Poulos, Horner, and Hasler, and Ms. Parks comprised the Human Resources, Compensation, and Benefits Committee in 2004. None of these persons served as an officer or employee of ours or any of our subsidiaries during fiscal year 2004. There were no material transactions between us and any of the members of the Human Resources, Compensation, and Benefits Committee during fiscal year 2004.

Table of Contents

Compensation of Directors

In compliance with our director compensation policy, during 2004 our outside directors (which we consider to be those directors who are not officers of the Company, TOSA, or their affiliates), other than the senior outside director, received an annual fee of \$40,000, an annual equity award of either non-qualified stock options or restricted stock valued at \$40,000, and reimbursement of reasonable out-of-pocket expenses incurred for attendance at Board and Board committee meetings. Under our policy, the designated senior outside director for 2004 received an annual cash retainer of \$80,000, an annual equity award of either non-qualified stock options or restricted stock valued at \$80,000, and reimbursement of reasonable out-of-pocket expenses incurred for attendance at Board and Board Committee meetings. For 2005, the amount of the annual fee and the annual equity award payable to our outside directors, other than the senior outside director, will each increase to \$60,000, and the amount of the annual fee and the annual equity award for our senior outside director will each increase to \$120,000. In addition, the chairperson of the Audit Committee for 2005 will receive an additional annual fee of \$20,000, and the chairperson of the Human Resources, Compensation, and Benefits Committee for 2005 will receive an additional annual fee of \$10,000. Mr. Hasler serves as chairperson of our Audit Committee, and Mr. Poulos serves as chairperson of the Human Resources, Compensation, and Benefits Committee. Mr. Horner served as our senior outside director during fiscal year 2004 and has been designated our senior outside director for fiscal year 2005. Directors who also served as officers of the Company, TOSA, or their affiliates did not receive any additional compensation for their services as directors during 2004.

Consulting Agreement

Lonnie M. Fedrick

Effective January 1, 2003, we entered into a consulting agreement with Mr. Fedrick with an initial term of three years. Under the terms of the consulting agreement, Mr. Fedrick receives an annual fee of \$400,000. Upon recommendation of the Chief Executive Officer and approval of our Board of Directors or a designated committee, Mr. Fedrick may receive a bonus or other compensation in his capacity as a consultant. During the term of the agreement, in addition to his service as a member of our Board of Directors, Mr. Fedrick will (a) provide land review, acquisition, and development services for our Houston operations, (b) identify and acquire land in the greater Houston area, (c) perform other assignments requested by the Chairman of our Board of Directors or the Chief Executive Officer from time to time, (d) transition his network of contacts and local knowledge to Company management, and (e) provide other general business advisory services. The agreement requires Mr. Fedrick to devote at least twenty percent (20%) on average of his working time and energy to the Company. The consulting agreement contains non-compete and non-interference provisions. During the year ended December 31, 2004, Mr. Fedrick was paid an aggregate of \$400,000 under his consulting agreement with the Company.

AUDIT COMMITTEE REPORT

For fiscal year 2004, the Audit Committee operated under a written charter adopted by our Board of Directors, and on October 13, 2004, our Board of Directors adopted an amended and restated Audit Committee charter, a copy of which is attached as Appendix A to this Proxy Statement. The Audit Committee members' responsibilities and functions are not intended to duplicate or to certify the activities of management and the independent certified public accountants. The Audit Committee oversees our financial reporting process on behalf of our Board of Directors. Our management has the primary responsibility for the financial statements and reporting process, including our systems of internal control over financial reporting.

During fiscal year 2004, at each of its meetings, the Audit Committee met with the senior members of the Company's financial management team, the Company's General Counsel, and our independent certified public accountants. In addition, the Director of Internal Audit attends all regularly scheduled Audit Committee meetings and also meets in private session with the Audit Committee on a regular basis. The Committee agenda is established by the Audit Committee's Chairman, the Chief Financial Officer, and the General Counsel. During 2004, the Audit Committee held private sessions with the Company's independent certified public accountants.

The Audit Committee approved the engagement of Ernst & Young LLP as our independent certified public accountants for the year ended December 31, 2004 and reviewed with the Company's senior financial management and the independent certified public accountants overall audit scope and plans, the results of audit examinations, evaluations by the auditors of the Company's internal controls, and the quality of the Company's financial reporting.

The Audit Committee held meetings on February 15 and March 8, 2005, and took the following actions regarding our 2004 audited financial statements:

reviewed and discussed the 2004 audited consolidated financial statements with our management; this included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations and reviewed certifications prepared by the Chief Executive Officer and Chief Financial Officer that the consolidated financial statements of the Company present fairly, in all material respects, the financial position and results of operations of the Company;

discussed with the independent certified public accountants, Ernst & Young LLP, matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees;

received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with Ernst & Young LLP its independence; and

in reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors, and our Board approved, that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2004 for filing with the Commission.

Employment Agreements*Antonio B. Mon*

Effective July 26, 2003, Antonio B. Mon and the Company entered into an Amended and Restated Employment Agreement with a term ending on December 31, 2008. Pursuant to that agreement, Mr. Mon serves as our Chief Executive Officer and Executive Vice-Chairman, as well as one of our directors. The agreement provides that Mr. Mon will receive an initial base salary of \$968,000 with annual increases of a minimum of 10% per year until the agreement expires or is terminated. Mr. Mon is also entitled to an annual bonus, based upon the Company's net income and return on equity.

The amended and restated employment agreement also provides that Mr. Mon will be eligible to receive equity incentive compensation for each of 2007 and 2008 in an amount per year equal to one percent (1%) of our then outstanding shares on a fully-diluted basis. The form of the equity incentive compensation will be mutually agreed upon by Mr. Mon and the Company. If the equity incentive compensation takes the form of options to purchase shares of our common stock, the exercise price for the shares (subject to specified adjustments) will be \$16.23 for the 2007

grant and \$17.85 for the 2008 grant, as adjusted for the 2004 Stock Split and the 2005 Stock Split, and they will vest one year from the grant date and expire ten years from the grant date. If the equity incentive compensation ultimately takes the form of a grant of stock options, and the exercise prices noted above are below the then-existing fair market value of the Company's common stock, most, if not all, of the compensation expense recognized by the Company may not be tax deductible to the Company under Section 162(m) of the Internal Revenue

Code. If the equity incentive compensation takes a form other than stock options, the employment agreement provides that the economic value be equivalent to that of an option grant as described above. Unless such economically equivalent compensation qualifies as performance-based compensation that is otherwise excluded from the limitations of Section 162(m), most, if not all, of the compensation expense related to such compensation may not be tax deductible to the Company under Section 162(m) of the Internal Revenue Code.

In the event of termination by us without cause, or in the event Mr. Mon terminates for good reason or due to a change in control, we will pay Mr. Mon a termination payment equal to the greater of (a) three times the sum of his highest base salary and annual cash bonus paid in the three years prior to such termination, and the value of his fringe benefits, or (b) the aggregate amount of his base salary, his annual cash bonuses, and the value of the fringe benefits that would be payable for the remainder of the agreement term. He will also receive the equity incentive compensation described above and continued health plan coverage until age 65 or until he becomes covered under another plan. In the event of termination by the Company for cause or due to Mr. Mon's death or disability, Mr. Mon or his estate is entitled to any earned but unpaid salary, a pro rata bonus for the year of termination, and any other accrued obligations or unreimbursed business expenses.

For fiscal year 2004, the employment agreement provided for a guaranteed minimum bonus to Mr. Keller of \$450,000.

If Mr. Keller's employment is terminated by the Company without cause, or by Mr. Keller for good reason (including a change of control of the Company), Mr. Keller will be entitled to receive (i) his base salary for the remainder of the agreement term, (ii) a pro-rated bonus for the year of termination, (iii) an additional amount equal to the aggregate bonus that would have been payable during the remainder of the agreement term (other than the year in which the termination occurs), based on the highest bonus paid to Mr. Keller during the prior three fiscal years, (iv) any earned but unpaid salary, and any earned and vested, but unpaid, bonus through the date of termination, as well as the economic value of any accrued but unused vacation time and any unreimbursed business expenses (collectively, the *Accrued Obligations*), and (v) the fair market value of any benefits and other perquisites to be provided to Mr. Keller for the remainder of the agreement term. If Mr. Keller's employment is terminated for cause, he is entitled to receive any *Accrued Obligations*. If Mr. Keller's employment is terminated due to disability or death, Mr. Keller is entitled to receive any *Accrued Obligations* and a pro-rated bonus for the year of termination.

COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During the fiscal year ended December 31, 2004, our Human Resources, Compensation, and Benefits Committee was responsible for both the establishment and administration of the policies that govern annual compensation programs and for the compensation and bonus arrangement for the Chief Executive Officer and other top executive officers, the establishment of compensation for all other officers, and the administration of our long-term incentive program. During 2004, the Human Resources, Compensation, and Benefits Committee was comprised of Messrs. Poulos, Hasler and Horner, and Ms. Parks, each of whom are independent directors.

This report, regarding our compensation policies and the implementation of these policies during 2004, is furnished by the Human Resources, Compensation, and Benefits Committee.

Determination of Executive Officer Compensation

Our compensation policies are intended to:

reward executives for long-term strategic management that results in the enhancement of stockholder values;

support a performance oriented environment that rewards achievement of both our internal goals and enhanced Company performance as measured against performance levels of comparable companies in the industry; and

attract and retain executives whose abilities are critical to our long-term success and competitiveness.

Components of Executive Officer Compensation

For 2004, the executive compensation program consisted of three key components, which are unchanged from the prior year:

base salary;

incentive compensation (bonus); and

stock options.

Base salaries paid to Named Executive Officers were paid pursuant to agreements described in Employment Agreements above. Each Named Executive Officer's base salary was determined by the individual officer's level of responsibility and comparisons to similar positions within TOUSA as well as with other companies in the industry.

The Human Resources, Compensation, and Benefits Committee evaluated and approved annual bonuses for 2004 for our senior officers. The bonus formulas contained in the employment agreements of the Company's senior officers are designed to reward personal contribution and performance, measured by reference to performance measures tailored to the particular responsibilities of the specific senior officer, such as achievement of specified targets for return on equity, Company net income, regional/divisional profit goals, regional/divisional contribution targets, customer service rankings, and/or overall performance. In the budgeting process, a profit goal or regional contribution target is set for each division and region, and minimum threshold performance criteria for regional and divisional officers must be reached before any bonus awards will be granted. In addition, the individual performance of each senior officer and/or any extraordinary or unusual circumstances or events are taken into consideration in making bonus awards. As a result, the Human Resources, Compensation, and Benefits Committee has the discretion to and does, from time to time, grant discretionary bonuses in excess of the amounts resulting from the bonus formulas contained in the relevant employment agreements for the Company's senior officers.

Table of Contents**Determination of Chief Executive Officer Compensation***Antonio B. Mon*

In connection with our principal stockholders' decision to merge the operations and businesses of Newmark Homes Corp. and Engle Holdings Corp. in 2002, we determined that it was necessary to bring on a new Chief Executive Officer who had significant experience in our industry. Upon review of industry compensation standards, we entered into an initial employment agreement with Mr. Mon in June 2002 (the "Original Employment Agreement"), which provided for a base salary and an annual bonus that was strictly tied to the performance of the Company. We determined that the best way to align the interests of our Chief Executive Officer with the long-term interests of our stockholders was to align his annual bonus with the Company's results of operations, thereby providing meaningful downside risk and upside opportunity for variations in our financial performance. In addition to his base salary and annual bonus, the Human Resources, Compensation, and Benefits Committee determined that the compensation of our Chief Executive Officer should have an equity component to further align the Chief Executive Officer's interests with those of our stockholders by providing a direct link between executive compensation and long-term performance of TOUSA. Stock options were granted to our Chief Executive Officer at various premiums to the fair market price at the time, and 889,161 of these options (as adjusted for the 2004 Stock Split and the 2005 Stock Split) contained performance-based accelerated vesting criteria.

In recognition of Mr. Mon's performance, and in the consideration of the best interests of the Company, in July 2003, the Human Resources, Compensation, and Benefits Committee approved an amendment to the Original Employment Agreement with Mr. Mon to extend the term of such agreement for two years, to December 31, 2008. The Amended and Restated Employment Agreement did not modify Mr. Mon's base salary or provide him with any other material benefit, other than to provide for the grant of additional equity compensation to be awarded to Mr. Mon during 2007 and 2008, the additional years of the employment term, as described in greater detail under "Employment Agreements" above.

Accordingly, in accordance with these policies and the terms of his Amended and Restated Employment Agreement, for fiscal 2004, Mr. Mon received aggregate compensation valued at \$5,194,044, which included a base salary of \$992,200, an aggregate bonus of \$3,950,000, and other perquisites having an aggregate value of \$251,844, as described in more detail under "Executive Compensation." In addition, during 2004, the performance-based accelerated vesting criteria applicable to certain of his stock option awards were partially satisfied, resulting in the accelerated vesting of options to purchase an aggregate of 246,001 shares of Company common stock (as adjusted for the 2004 Stock Split and the 2005 Stock Split).

Annual and Long-Term Incentive Plan*Stock Options and Restricted Stock*

The Plan provides that any employee, consultant, or director of the Company, its subsidiaries, its parent corporation, and affiliated entities is eligible to receive stock options, restricted stock, performance awards, phantom shares, bonus shares, or other stock-based awards, either separately or in combination. The number of shares of common stock with respect to which awards may be granted under the Plan is 7,500,000, subject to adjustment. The Plan is intended to promote the interests of the Company by encouraging employees, consultants, and directors of the Company, its parent corporation, its subsidiaries, and affiliated entities to acquire or increase their equity interest in the Company and to provide a means whereby they may develop a sense of ownership and personal involvement in the development and financial success of the Company, and to encourage them to remain with and devote their best efforts to the Company's business, thereby advancing the interests of the Company and its stockholders. As of December 31, 2004, and as adjusted for the 2005 Stock Split, 6,827,737 options were outstanding under the Plan, and 32,862 shares of Restricted Stock had been granted under the Plan.

Table of Contents*Performance Unit Program (PUP)*

In February 2005, the Human Resources, Compensation, and Benefits Committee made grants of performance units under the Company's PUP to various officers and other employees of the Company. The performance units are payable in cash and vest at the end of a specified three-year vesting period based upon the Company's achievement of return on equity and cumulative earnings targets approved by the Human Resources, Compensation, and Benefits Committee. The value of a performance unit equals the appreciation of one share of Company stock from the beginning to the end of the vesting period, and may be increased based upon the extent to which the relevant return on equity and cumulative earnings targets are exceeded. Once vested, the performance units are paid in two equal installments on each March 31 following the end of the three-year vesting period. Outstanding performance unit awards are subject to adjustment in the event of stock splits or stock dividends, extraordinary cash dividends or other similar events. The performance units granted to certain officers and employees will vest immediately upon the occurrence of a change of control of the Company.

For 2005, the Named Executive Officers received the following grants of performance units (as adjusted for the 2005 Stock Split), all with a vesting period of January 1, 2005 to December 31, 2007: Mr. Keller, 62,500 performance units; Mr. McAden, 43,750 performance units; Mr. Kraynick, 25,000 performance units; Mr. Engelstein, 37,500 performance units; and Mr. Upton, 31,250 performance units.

Executive Savings Plan

Effective December 1, 2004, the Company implemented the Technical Olympic USA, Inc. Executive Savings Plan (the Savings Plan). The Savings Plan allows a select group of management or highly compensated employees of the Company or certain of the Company's subsidiaries to elect to defer up to 90% of their salary and up to 100% of their bonus. The Company credits an amount equal to the compensation deferred by a participant to that participant's deferral account under the Savings Plan. Each participant's deferral account is credited with income, gains and losses based on the performance of investment funds selected by the participant from a list of funds designated by the Company. Participants are at all times 100% vested in the amounts that they choose to defer under the Savings Plan. The deferred compensation credited to a participant's account is payable in cash, commencing upon a date specified in advance by the participant pursuant to the terms of the Savings Plan or, if earlier, the termination of the participant's employment with the Company or its subsidiary, subject to certain provisions allowing accelerated distributions in the event of disability, certain changes of control of the Company and/or unforeseeable emergencies. The Company does not make any contributions under the Plan and may terminate the Savings Plan and discontinue any further deferrals under the Savings Plan at any time. The obligation to make distributions from participant accounts under the Savings Plan is an unsecured, general obligation of the Company.

Compliance with Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for annual compensation over \$1.0 million paid to their Chief Executive Officer and certain other highly compensated executive officers. Generally, the Code excludes from the calculation of the \$1.0 million cap compensation that is based on the attainment of pre-established, objective performance goals. Where practicable, it is the Human Resources, Compensation, and Benefits Committee's policy to establish compensation practices that are both cost-efficient from a tax standpoint and effective as a compensation program. The Human Resources, Compensation, and Benefits Committee considers it important to be able to utilize the full range of incentive compensation tools, even though some compensation may not be fully deductible.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management Services Agreement

In June 2003, we entered into an Amended and Restated Management Services Agreement with TOI, our former parent company, and in connection with an October 2003 restructuring transaction, TOI assigned its obligations and rights under the Amended and Restated Management Services Agreement to TOSI, a Delaware corporation wholly-owned by TOSA. Under the Amended and Restated Management Services Agreement, TOSI provided consultation with, and assistance to, our Board of Directors and management in connection with issues involving our business, as well as other services requested from time to time by our Board of Directors. In consideration for providing such services, the agreement requires us to pay TOSI an annual management fee of \$500,000 and, to the extent our net income for any fiscal year meets established targets, additional annual incentive fees, which may not exceed \$3.0 million. Pursuant to the agreement, we have agreed to indemnify TOSI for any liability incurred by it as a result of the performance of its duties other than any liability resulting from TOSI's gross negligence or willful misconduct. We may terminate the agreement upon six months' prior written notice. Pursuant to the terms of our revolving credit facility, the aggregate amount of annual fees payable under the Amended and Restated Management Services Agreement may not exceed \$3.5 million. For the year ended December 31, 2004, we have made payments of \$2.5 million to TOSI under this agreement. The agreement expires on December 31, 2007.

Purchasing Agreements

In order to consolidate the purchasing function, we and our subsidiary TOUSA Homes, Inc. entered into non-exclusive purchasing agreements with TOSA in November 2000. Under the purchasing agreements, TOSA would purchase certain materials and supplies necessary for operations on our respective behalves and provide them to us at cost. No additional fees or other consideration are paid to TOSA. These agreements may be terminated upon 60 days prior notice. TOSA purchased an aggregate of \$302.6 million of materials and supplies on our behalf for the year ended December 31, 2004.

Certain Land Bank Transactions

We have sold certain undeveloped real estate parcels to, and entered into a number of agreements (including option contracts and construction contracts) with, Equity Group, a limited liability company controlled by Alec Engelstein, Harry Engelstein's brother. We made payments of \$5.5 million to Equity Group pursuant to these agreements during the year ended December 31, 2004, and, as of December 31, 2004, had options to purchase from Equity Group additional lots for a total aggregate sum of approximately \$13.8 million. We believe that the terms of these various agreements include purchase prices that approximate fair market value.

Tax Allocation Agreement

As a result of the merger of TOI into one of our wholly-owned subsidiaries pursuant to an October 2003 restructuring transaction, a previously existing tax allocation agreement between TOI and us was terminated. Due to the termination of the tax allocation agreement between TOI and us, the tax accounts between the two companies were settled. The closing reconciliation of tax accounts resulted in an estimated \$4.1 million due to us from TOSI, a Delaware corporation that is wholly-owned by TOSA, who assumed this liability from TOI as part of the October 2003 restructuring transaction. In satisfaction of this obligation, during the year ended December 31, 2004, TOSI (i) paid us approximately \$2.8 million and (ii) also assigned to us a federal tax refund of approximately \$1.3 million relating to amendments to tax returns filed pursuant to the tax allocation agreement.

The Audit Committee has developed policies and procedures requiring the Audit Committee's pre-approval of all audit and permitted non-audit services to be rendered by Ernst & Young LLP. These policies and procedures are intended to ensure that the provision of such services does not impair Ernst & Young's independence. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for a period of a fiscal year and any pre-approval is detailed as to the particular service or category of service approved and is generally subject to a specific cap on professional fees for such services.

The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve services to be rendered by Ernst & Young LLP and requires that the Chairman report to the Audit Committee any pre-approval decisions made by him at the next scheduled meeting of the Audit Committee. Consistent with these policies and procedures, the Audit Committee approved all of the services rendered by Ernst & Young LLP during fiscal year 2004, as described above.

OF TECHNICAL OLYMPIC USA, INC.**

Purpose:

This charter governs the operations of the Audit Committee of Technical Olympic USA, Inc. and its subsidiaries (the Company). The Audit Committee (the Committee) shall provide assistance to the Board of Directors (the Board) in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: the integrity of the Company's financial statements; the accounting and financial reporting processes of the Company; the audits of the financial statements of the Company; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditor's qualifications and independence; and the Company's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors, the internal auditors, and management of the Company.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and has the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties.

Membership:

The Committee will consist of at least three (3) members of the Board, all of whom shall be independent as defined by applicable law, regulations of the Securities and Exchange Commission (the SEC) and the rules or listing standards of any exchange or automated quotation system on which shares of the Company are traded. All members of the Committee must be able to read and understand financial statements, including the Company's statement of financial condition, statement of income, and statement of cash flows. At least one of the directors will be designated the audit committee financial expert and shall meet the requirements set forth in applicable law, regulations of the SEC and the rules or listing standards of any exchange or automated quotation system on which shares of the Company are traded.

The members of the Committee shall be appointed by the full Board and elected by the vote of a majority of the independent directors of the Board. The members of the Committee shall serve until their resignation, retirement or removal by the Board, or until their successors are appointed. No member of the Committee shall be removed except by majority vote of the independent directors of the Board then in office.

Duties and Responsibilities:

The primary responsibility of the Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior.
