To the Participants and Administrator of the  
Pediatrix Medical Group of Puerto Rico  
Thrift and Profit Sharing Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Pediatrix Medical Group of Puerto Rico Thrift and Profit Sharing Plan (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Thrift and Profit Sharing Plan**

**Notes to Financial Statements  
For the Years Ended December 31, 2004 and 2003**

**1. Description of Plan**

Pediatric Medical Group, Inc. (the Company) sponsors the Pediatric Medical Group of Puerto Rico Thrift and Profit Sharing Plan (the Plan), which was adopted on January 1, 1993 and restated as amended in October 2001.

The following description of the Plan is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Plan document which is available to all participants upon request.

**General**

The Plan is a tax qualified defined contribution plan covering substantially all of the Company's eligible employees and the employees of the professional associations whose operations are consolidated with the Company and who reside in Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility and Entry Data**

An employee becomes eligible to participate in the Plan on the first day of each calendar quarter after having attained age 21.

**Contributions**

The Company may, at the discretion of its Board of Directors, contribute for each participant a matching contribution determined annually based on a percentage of the participant's pre-tax contributions. In addition, the Company may also make discretionary profit sharing contributions to the Plan at amounts determined at the end of the Plan year by the Board of Directors.

The maximum pre-tax contributions for the years ended December 31, 2004 and 2003 were \$8,000. In addition to any pre-tax contributions, participants may make after tax contributions, not to exceed 10 percent of the participant's compensation.

**Rollovers**

The Plan accepts rollover contributions from other Puerto Rico tax-qualified plans for those participants who choose to invest in the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions and (b) the Plan's earnings and losses. Allocation of the Plan's earnings or losses in

each investment option are made to the individual participant's account based on the ratio of each participant's current account balance in the respective investment option to total Plan participants' account balances in the respective investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Payment of Benefits**

Upon normal retirement, death, disability or termination, participants may elect to receive their vested account balance as a lump-sum distribution; or have their account balance transferred to an individual retirement account or other qualified plan.

### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts related to the Company's contribution plus related earnings is based on years of credited service. A participant is fully vested after three years of credited service as follows:

**Table of Contents****Pediatric Medical Group of Puerto Rico  
Thrift and Profit Sharing Plan****Notes to Financial Statements  
December 31, 2004 and 2003**

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1	0%
1	30%
2	60%
3	100%

**Participants Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are collateralized by the balance in the participant's account and bear interest at ranging between 5.25% and 9.00%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Repayments of principal and interest are credited back to the participant's account through payroll deductions on a minimum of a quarterly basis. The term of the loan must not exceed five years, except for qualified home loans, which must not exceed ten years.

**Forfeitures**

Forfeitures of the non-vested portion of participant's account balances related to the Company's contributions are used to offset future Company contributions. Forfeitures held in the Plan totaled \$11,170 and \$8,733 at December 31, 2004 and 2003, respectively.

**Plan Termination**

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100 percent vested in their accounts, including all employer contributions.

**Plan Administration**

The Plan is administered by certain employees of the Company (the Plan Administrator). The Plan's assets were maintained by Banco Popular of Puerto Rico (Banco), the trustee of the Plan, for the years ended December 31, 2004 and 2003.

**2. Summary of Significant Accounting Policies****Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Table of Contents****Pediatric Medical Group of Puerto Rico  
Thrift and Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2004 and 2003****Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**Investment Valuation and Income Recognition**

The fair value of investments held by the Plan has been determined by the trustee based on quoted market values of publicly traded investments.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation in fair value of investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. All investment transactions are recorded by the Plan as of the trade date. Gains or losses on sale of investments are determined by the specific identification method. Interest income is recorded as earned on an accrual basis. Dividends are recorded based on the ex-dividend date.

**Participant Loans**

Participant Loans are recorded at cost, which approximates fair value.

**Administrative Expenses**

All costs incurred in administering the Plan are paid by the Company except for certain broker fees that are paid out of the various investment options.

**3. Investments**

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31 as follows at fair value:

Description of Investment	2004	2003
Fidelity Blue Chip Growth Fund	\$ 657,483	\$ 599,544
Fidelity Contrafund	582,269	485,324
Fidelity Growth and Income Portfolio	357,364	366,588
Fidelity Equity-Income II Fund	444,293	346,226
Pediatric Stock Fund	*	172,113
Fidelity Puritan Fund	200,037	150,314

\* Investment did not represent 5% or more of the net assets available for benefits as of the respective year end.

**4. Tax Status**

The Puerto Rico Treasury Department has determined and informed the Company by letter dated March 12, 1998, that the Plan and the related trust are designed in accordance with applicable sections entitling exemption from income taxes. The Plan has been amended since receiving the determination letters. However, the Plan administrator and the Plan's tax counsel believe that the

**Table of Contents**

Plan is designed and is currently being operated in compliance with the applicable tax requirements. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date. Accordingly, no provision for federal income taxes has been made.

**5. Party-in-Interest Transactions**

Participants' loans are granted and administered by Banco and, therefore, these loan transactions qualify as party-in-interest. The Pediatric Stock Fund invests in the Company's common stock and, therefore, these investment transactions qualify as party-in-interest. All fees and expenses of the Plan for legal, accounting, recordkeeping and other administrative services are paid by the Company.
