### PROPOSAL NO. 2

In January 1995, the Board of Directors adopted the JD American Workwear, Inc. 1995 Stock Option Plan (the "Plan") and 500,000 shares of Common Stock were reserved for issuance hereunder. In January 1996, the Plan was amended to reflect the Company's two-for-one reverse stock split; accordingly, the total number of shares that are currently authorized for issuance under the Plan is 250,000 shares. As of February 28, 1998, all 250,000 of these shares have been issued or are subject to issuance upon exercise of presently exercisable options.

On March 27, 1998, the shareholders of the Company approved an amendment to the Plan, which would increase the number of shares available under the 1995 Stock Option Plan from 250,000 shares to 750,000 shares. On December 15, 2000 the shareholders of the company approved an amendment to the Plan that increased

## Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form PRE 14A

the Plan's authorized shares from 750,000 to 2,000,000 all shares have been issued and no options are outstanding.

### SUMMARY OF THE 1995 STOCK OPTION PLAN

The Plan, adopted by the Company's Board of Directors in February 1995 and by the stockholders in July 1995, provides for the issuance of options ("Options") to employees, officers and, under certain circumstances, directors of and consultants to the Company ("Eligible Participants"). Options granted under the plan may be either "incentive stock options" ("ISOs") as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") or "nonqualified stock options" ("NQSOs"). The Plan does not provide for the issuance of stock appreciation rights but does permit the granting of restricted stock and deferred stock awards. A total of 750,000 shares of Common Stock are currently reserved for issuance under the Plan; however, as of January 17, 2000, 514,000 shares reserved for issuance under the Plan have been issued or are issuable upon exercise of presently exercisable options. The Plan is presently administered by the Board of Directors, however, upon the election of directors set forth in Proposal No. 1, above, it is anticipated that the Board of Directors will grant the newly elected Compensation Committee of the Board of Directors sole discretion and authority, consistent with the provisions of the Plan, to select the Eligible Participants to whom Options may be granted under the Plan, the number of shares which will be covered by each Option and the form and terms of the agreement to be used. All employees and officers of the Company (except for members of the Committee) are eligible to participate in the Plan. Directors are eligible to participate only if they have been declared to be "eligible directors" by resolution of the Board of Directors. Members of the Committee are not Eligible Participants. At November 25, 2002, approximately 20 persons were eligible to receive ISOs under the Plan. The Plan anticipates a significant increase in the number of qualified employees during the next fiscal year.

Options. The Compensation Committee is empowered to determine the exercise price of Options granted under the Plan, but the exercise price of ISOs must be equal to or greater than the fair market value of a share of Common Stock on the date the Option is granted (110% with respect to optionees who own at least 10% of the outstanding Common Stock). The exercise price of NQSOs granted under the Plan must not be less than 85% of the fair market value of the Common Stock on the date the Option is granted. The Committee has the authority to determine the time or times at which Options granted under the Plan become exercisable, but the Options expire no later than ten years from the date of grant (five years with respect to Optionees who own at least 10% of the outstanding Common Stock of the Company). The Options are non-transferable, other than by will and the laws of descent, and generally may be exercised only by an employee while employed by the Company or within 90 days after termination of employment (one year from termination resulting from death or disability).

There was one grant of Options under the Plan during fiscal 2002, 125,000 shares each were granted to two directors. No options remain outstanding at November 25, 2002.

### VOTE REQUIRED

In order for this Proposal to be approved, a majority of all outstanding shares of Common Stock voting as a class and a majority of all votes entitled to be cast at the Shareholders Meeting must be voted in favor of such amendment.

### RECOMMENDATION OF THE BOARD OF DIRECTORS

For the reasons set forth above, The Board of Directors recommends to its shareholders that they vote "FOR" this proposal. Unless otherwise directed, proxies will be voted for the adoption of the amendment.

Mr. Smith resigned June 1, 2001.

Under his employment agreement Mr. DeBaene was entitled to be paid at a rate of \$150,000 per annum plus the previous deferrals from fiscal year 2000. ### EMPLOYMENT AGREEMENTS

The Company signed an employment agreement with Daniel L. Hefner on June 1, 2000 containing a base salary of \$60,000; a minimum cash bonus of \$15,000 per year and an annual increase of 4% of the base pay. Stock options are granted on the signing and on June 1 of each contract year at the rate of 100,000 common share equivalents. 100,000 common share equivalents. The contract also provides for a \$750 per month car allowance and the payment of all insurance, fuel and maintenance costs and all perquisites related to health, dental, life or disability as may be offered to the executive management staff. Mr. Smith resigned June 1, 2001.

Effective as of March 1, 1995, the Company entered into an employment agreement with David N. DeBaene as Chairman and President. The agreement is for a base term of five years and is thereafter renewable for additional periods of three-years, unless the Company gives notice to the contrary. In accordance with his agreement with the Company, Mr. DeBaene's first year base salary was \$65,000, increasing annually thereafter in \$20,000 increments. In addition, Mr. DeBaene is entitled to receive an annual cash bonus based upon a percentage of the Company's pre-tax income for each fiscal year in accordance with a sliding scale schedule contained in the agreements. No bonus is payable unless and until the Company earns pre-tax income in excess of \$5 million. The agreement also provides for certain non-competition and non-disclosure covenants of the executive and for certain Company paid fringe benefits such as disability insurance and inclusion in pension, profit sharing, stock option, savings, hospitalization and other benefit plans at such times as the Company shall adopt them.

The agreement provides for the payment of severance compensation of \$250,000 in the event that at any time during the term thereof, the agreement is terminated by the Company without cause, or terminated by the employee due to a change in control. The Company believes that the change in control provisions in this agreement may tend to discourage attempts to acquire a controlling interest in the Company and may also tend to make the removal of management more difficult; however, the Company believes such provisions provide security and decision-making independence for its executive officers.

On January 1, 2000, the prior agreement was cancelled and a new contract signed providing for a five-year term expiring on December 31, 2004. The contract automatically renews in five years absent any notice 180 days prior to the end of the term. The base salary of \$150,000 increases on each anniversary at a rate of 13% over the prior year's salary. Mr. DeBaene was granted 25,000 options upon signing at an exercise price of \$1.59, which was in excess of the \$1.30 price per share on the nearest trading date to the signing of the contract. The contract further provides for bonuses on the net pre-tax profits of the Consumer Products Division at 4% of the profit of the division if the profit is less than \$2,500,000 and increasing ratably to a maximum of 10% if the profit exceeds \$5,000,001.

The contract also provides for certain payments in the event Mr. DeBaene is terminated without cause or a change in control or position occurs that Mr. DeBaene has not agreed to. These payments would require the remaining term of the contract to be paid upon termination and the repurchase by the company of all outstanding stock owned by Mr. DeBaene.

The contract was amended on June 1, 2000 reducing the salary to \$60,000 annually and waiving all the additional contract terms described above. The contract was reduced to two years in duration and called for a four percent annual increase. Mr. DeBaene resigned December 15, 2000.
