**SYNCOR MAILED PROXY MATERIALS FOR RECONVENED SPECIAL MEETING
TO VOTE ON ACQUISITION BY CARDINAL HEALTH**

- Special Meeting to be Reconvened on December 30, 2002
- Implements Previously Announced Agreement with Department of Justice by Entering Syncor Taiwan Guilty Plea
- Securities and Exchange Commission Approves Settlement Entered into by SEC Staff

WOODLAND HILLS, California, December 11, 2002 - Syncor International Corporation (Nasdaq: SCOR) announced today that it has mailed supplemental proxy materials to its stockholders for its special meeting of stockholders to be reconvened on December 30, 2002 for the purpose of voting on the agreement providing for the acquisition of Syncor by Cardinal Health (NYSE: CAH).

As previously announced, the meeting was adjourned on December 6, 2002 and will be reconvened on December 30, 2002 at 2:00 p.m. PST, at the Warner Center Hilton Hotel, 6360 Canoga Avenue, Woodland Hills, California. The meeting was adjourned in order to give Syncor stockholders an opportunity to review amendments to the original merger agreement dated June 14, 2002 and other recent developments affecting Syncor. Supplemental proxy materials describing the amended merger agreement and related matters were mailed today to all Syncor stockholders as of the record date of October 9, 2002. A Cardinal Health post-effective amendment relating to the supplemental proxy materials was declared effective by the SEC yesterday.

Pursuant to a previously announced agreement with the U.S. Department of Justice (DOJ) relating to improper payments made by Syncor subsidiaries in certain foreign countries, Syncor's subsidiary, Syncor Taiwan, Inc., pled guilty yesterday to a violation of the Foreign Corrupt Practices Act (FCPA) and was sentenced by the court to pay a previously agreed to \$2 million fine.

In addition, yesterday the Securities and Exchange Commission approved the agreement announced on December 4, 2002 with the SEC Staff. In connection with that agreement, the SEC issued an administrative order finding that Syncor violated the anti-bribery, books-and-records, and internal-controls provisions of the FCPA, ordering Syncor to cease-and-desist from such violations, and requiring Syncor to retain an independent consultant to review and make recommendations concerning the company's FCPA compliance policies and procedures. Yesterday the SEC also filed a civil complaint against Syncor alleging violations of the FCPA. Without admitting or denying the SEC's charges, Syncor consented to the SEC's issuance of its administrative order and to the entry of a final judgment in the lawsuit requiring it to pay a \$500,000 civil penalty. The civil penalty is subject to court approval.

The proposed acquisition of Syncor by Cardinal Health was first announced in June 2002 and is a stock-for-stock merger in which Syncor will become a wholly-owned subsidiary of Cardinal Health. As announced on December 4, 2002, under the terms of the amended merger agreement, Syncor stockholders will receive 0.47 of a Cardinal Health common share in exchange for each outstanding share of Syncor common stock upon completion of the merger. The acquisition remains subject to satisfaction of various conditions, including approval of the amended merger agreement by Syncor stockholders. Syncor expects that the merger transaction will close shortly after the Syncor stockholder meeting if the amended merger agreement is approved by Syncor stockholders and all other conditions to the merger have been satisfied.

About Syncor

Syncor International Corporation is a leading provider of high technology health care services concentrating on nuclear pharmacy services, medical imaging, niche manufacturing and radiotherapy. In the nuclear pharmacy services business, Syncor compounds and dispenses radiopharmaceuticals for diagnostic and therapeutic use by nuclear medicine departments in hospitals and outpatient clinics. Syncor distributes these time-critical pharmaceuticals to more than 7,000 U.S.-based customers through an integrated network of 130 domestic and 19 international nuclear pharmacies. Medical imaging services are provided through an integrated network of 73 domestic and 19 internationally owned or operated facilities. Syncor announced on June 14, 2002 that it intends to exit the U.S. medical imaging business. Syncor also owns or operates ten domestic and two international production facilities for positron emission tomography (PET) radiopharmaceuticals, and is a party to a series of agreements to make PET technology more accessible to healthcare providers and patients nationwide.
